About me

I am a Full-Stack developer with 3 years of experience in startups in Peru and Chile. I am proficient in technologies such as JavaScript, NestJS, PostgreSQL, Docker, and CSS, and I possess soft skills in teamwork and problem-solving.

Experience

Curador IA

Frontend Developer

Remote - Peru

2022 - 2024

- Development and maintenance of web applications using React.js and other related technologies.
- Collaborate with cross-functional teams including designers, product managers, and other developers to create high-quality products.
- Implement responsive design to ensure cross-browser compatibility.
- Develop and maintain reusable components to ensure scalability.

Vortrius Game Network

Fullstack Developer

Remote - Chile

2023 - 2025

- Collaborated in the programming of game logic and the implementation of interactive functions.
- Used NextJS for Frontend development, implementing attractive and responsive user interfaces.
- Developed a REST API using NestJS for Backend development.
- Worked closely with the designers to accurately implement the proposed designs.
- Implemented unit testing using Jest to ensure functionality and stability of the code.
- I learned object-oriented and functional programming principles, following the best software development practices.
- Worked collaboratively with others developers to launch a mini-app, reaching a peak of 120K concurrent users on telegram.

Technical Skills

Programming Languages: Javascript, TypeScript

Frontend: React, NextJS, HTML, CSS, Tailwind, ThreeJS

Backend: NestJS, NodeJS, ExpressJS

Databases: PostgreSQL, MongoDB

Testing: Jest

Container: Docker

Cloud: Amazon Web Services (EC2, S3)

Courses

Udemy - Javascript Tutorial and Projects Course
React 18 Tutorial and Projects Course

DevTalles - NestJS: Building Scalable Backends with Node.js

Others

Language: Spanish (native), English (B2)
